Applicants for financial assistance under section 5307 of the Federal transit laws (49 U.S.C. APPENDIX A TO PART 609—ELDERLY AND HANDICAPPED

The definitions of the term *elderly* and *handicapped* as applied under FTA's elderly and handicapped half-fare program (49 CFR part 609) shall apply to this rule. This permits a broader class of handicapped persons to take advantage of the exception than would be permitted under the more restrictive definition applied to the non-discrimination provisions of the Department's section 504 program (49 CFR 27.5), which includes only handicapped persons otherwise unable to use the recipient's bus service for the general public.

Accordingly, for the purposes of this part, the definition of *elderly persons* may be determined by the FTA recipient but must, at a minimum, include all persons 65 years of age or over.

Similarly, the definition of *handicapped persons* is derived from the existing regulations at 49 CFR 609.3 which provide that *Handicapped persons* means those individuals who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, including those who are nonambulatory wheel-chair-bound and those with semi-ambulatory capabilities, are unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected.

To assist in understanding how the definitions might be applied to administration of the charter rule, the following questions and answers previously published by FTA for the half-fare program in FTA C 9060.1, April 20, 1978, are reproduced:

1. *Question:* Can the definition of *elderly* or *handicapped* be restricted on the basis of residency, citizenship, income, employment status, or the ability to operate an automobile?

Answer: No. Section 5(m) is applicable to *elderly and handicapped persons*. It is FTA's policy that such categorical exceptions are not permitted under the Act.

2. *Question:* Can the eligibility of *temporary handicaps* be restricted on the basis of their duration?

Answer: Handicaps of less than 90 days duration may be excluded. Handicaps of more than 90 days duration must be included.

3. *Question:* Can the definition of *handicap* be limited in any way?

Answer: FTA has allowed applicants to exclude some conditions which appear to meet the functional definition of *handicap* provided in section 5302(a)(5) of the Federal transit laws (49 U.S.C. Chapter 53). These include pregnancy, obesity, drug or alcohol addiction, and certain conditions which do not fall under the statutory definition (e.g., loss of a finger, some chronic heart or lung conditions, controlled epilepsy, etc.). Individuals may also be excluded whose handicap involves a contagious disease or poses a danger to the individual or other passengers. Other exceptions should be reviewed on a case-by-case basis.

4. *Question:* Is blindness considered a handicap under Section 5(m)?

Answer: Yes.

5. *Question:* Is deafness considered a handicap under section 5(m)?

Answer: As a rule, no, because deafness, especially on buses, is not considered a disability which requires special planning, facilities, or design. However, deafness is recognized as a handicap in the Department of Transportation's ADA regulation, and applicants for Section 5 assistance are encouraged to include the deaf as eligible for off-peak half-fares.
